Please review all information listed below so we can upate our files in our contact database. When making updates, please highlight changes in yellow.

Please mark an "X" under the LiveSafe column if that person has downloaded the App and is registered to receive a text and e-mail in the event of an emergency pertaining to Heritage Plaza (ie, building issues such as fire alarms, power outages and after hour building emergencies). (LiveSafe IS USED FOR EMERGENCY PURPOSES ONLY)

Under emergency contacts, an alternate phone number is mandatory and we ask that you please list it if it isn't currently listed on this form. If the phone number is the same for the alternate number, please indicate "same". All devices provided will receive the alert.

Mark an "X" under the Angus Work Order column if you would like that person to be able to input work orders and conference reservations.

We will send this form out on a quarterly basis and ask that you assist us in keeping this information current. To better serve you, we ask that you PLEASE inform us of any changes between these quarterly requests. All information will be kept confidential in our office.
